Michael Mevoli, Executive Committee Chairman Camden County Municipal Joint Insurance Fund c/o Borough of Brooklawn 111 Fourth Avenue Brooklawn, NJ 08030

Dear Mr. Mevoli:

This letter is to memorialize the discussion that we had at the March Executive Committee meeting of the Camden County Municipal Joint Insurance Fund (Camden JIF). Scibal Associates, Inc. has been part of the QualCare Alliance Networks Inc. organization for just over a year now. This has been a very busy and exciting time for the company. During this transition, some members of our management team have retired or moved. We have also changed certain office locations, some areas of responsibilities and client assignments. We have also welcomed new employees.

In relation to the Camden County JIF in particular, we have promoted Lisa Graiff to Unit Manager. Lisa has served the Camden JIF as a Claims Supervisor for the last several years under the direction of Joe Harvey. In an effort to prepare for the retirements of senior members of our management team like Joe, our Managers and Supervisors are now taking active roles in client meetings. This gives Lisa the opportunity to further develop relationships with the JIF members while Joe is still with the company. Joe will also serve the Camden JIF as a technical advisor. In a new role of Senior Vice President, Business Development, Joe will spend time on claims related matters which need his expertise as well as new business development for the company. Joe's new role requires him to be available to clients as well as the Scibal claims team for technical advice as needed.

Scibal will dedicate significant effort to ensure that our staff continues to deliver the highest level of quality service that our clients deserve. We have an extremely strong group of individuals that we rely on to accomplish our goals, serve our clients and manage our staff. The Scibal account team that services the Camden JIF is listed on the attached contact list. In addition to this team, please feel free to contact me directly with any questions or concerns at 609-653-8400 extension 2012.

Scibal is well positioned to handle your program needs. We appreciate your business and look forward to continuing to work with you.

Sincerely,

Ann JYMy

Mr. Michael Mevoli, Chairperson c/o Camden County Municipal JIF c/o Borough of Brooklawn Haakon Road Brooklawn, NJ 08030

Dear Mr. Mevoli,

We are giving our risk control unit its own trade name to highlight the importance of risk control in the Conner Strong organization. The new name, J. A. Montgomery Risk Control, does not involve any change in ownership, control or management or personnel of the risk control unit. The goal is to position our risk control unit to serve clients that are not otherwise clients of Conner Strong or PERMA.

Joanne Hall and John Lapatchka will continue to lead the JIF risk control practice and will continue to directly report to me. They will have no involvement in non-JIF clients. The staff dedicated to the JIF practice will also not be changed.

The J.A. Montgomery name comes from a Wilmington, Delaware insurance firm we acquired in the 1990s that was originally formed in the 1920s to service the DuPont companies, which are widely recognized as the gold standard for safety programs in American industry. J.A. Montgomery helped DuPont establish its risk management function and became one of the most respected insurance firms in Delaware. J. A. Montgomery Risk Control will continue that tradition.

Because there is no change in ownership, control, management or personnel, we are not requesting that the contract be transferred. Unless there is any objection, we ask permission to begin using our new trade name, but of course we are willing to continue to use the old name until the end of our current appointment.

Please advise if I can be of further assistance.

Sincerely,

DJ NG.L

David Grubb

# **EXECUTIVE DIRECTOR**

**2010-2011 MEL EMPLOYMENT PRACTICES LIABILITY (EPL) PROGRAM:** A majority of MEL members have adopted the MEL's model employment practices risk control program and are eligible for the MEL's premium and deductible incentives. These programs must be updated every two years to remain eligible for the MEL's premium and deductive incentives.

Executive Director distributed the original mailing describing the MEL EPL program and the two different checklists (With approved program & Without approved program) for members to submit. In addition, an updated compliance report was distributed showing that only six members are currently in compliance. Executive Director said the deadline to submit a checklist confirming compliance is May 1<sup>st</sup>, with a grace period of one month. Executive Director said EPL/POL is a claims-made policy so members should still work towards achieving compliance regardless of the submission deadline.

Executive Director said that a part of the compliance required a member's police chief to attend a police risk management seminar. As several members throughout the MEL have not attended, the NJSACOP will be scheduling an additional three seminars to be located in north, central and south Jersey. The fund office will notify the members once those sessions are scheduled.

Mr. DiGiambattista Sr. stated that he has tracked which members sent representatives to the Manager/Supervisor trainings conducted by the Fund Attorney. Mr. DiGiambattista said he would work with the fund office to see which members still need that training.

Fund Attorney said in addition to the Manager/Supervisor training sessions, he has prepared two sessions especially for judges and has notified all judges in the Camden County area of this training. Fund Attorney said the process to update the Model Policy & Procedures Manual is very easy and user-friendly as everything can be found on the MEL website.

**2011 RENEWAL APPLICATION PROCESS:** The fund office is in the early stages of preparing to collect data for the 2011 Fund Year. For information only please note:

**RENEWAL APPLICATIONS** - These will be mailed to Risk Management Consultants on or before June 1<sup>st</sup> with a deadline to be back in the Fund office by July 15, 2010.

The following members are scheduled to have their properties appraised: Gibbsboro, Gloucester City, Haddon Twp, Haddon Heights, Haddonfield, Hi-Nella, Laurel Springs, Lawnside, Lindenwold and Merchantville.
