Parsippany, NJ 07054Date:November 28, 2016Memo to:Executive Committee
Camden County Municipal Joint Insurance FundFrom:PERMA Risk Management ServicesSubject:Executive Director's Report

- 2017 Budget At the October Fund Meeting, the Board of Fund Commissioners introduced the Budget for 2017 in the amount of \$12,648,026. There was slight increase of \$412.00 on the MEL Premium since introduction, so the revised amount is \$12,648,438. In accordance with state regulations, the proposed budget has been advertised in the Fund's official newspaper and sent to each member municipality/entity. (Page 12)
 - □ Motion to open the Public Hearing on the 2017 Budget.
 - □ Discussion of Budget & Assessments.
 - □ Motion to close the Public Hearing.
 - □ Motion to adopt Budget & Certify Assessments.
- Employment Practices Program: Members had until October 1st to submit their checklist to qualify and/or maintain deductible and co-pay incentives. Compliance includes updating Personnel Manuals, Training Managers & Supervisors, Police Command Staff and offering training to non-supervisory personnel. The Executive Director will provide an update.
- □ Membership Renewals The Fund has 25 members up for renewal at the end of the year. Renewal documents were sent last month. Members are asked to return their resolutions and agreements back to the Fund office by October 1, 2016. We have received renewal documents from 20 of the 25 members.
- □ **Potential New Membership** The Fund Office has received two potential new member applications. The Executive Director will provide an update.
- □ RCF Report: The RCF met on October 19, 2016 at the Forsgate Country Club and held a public hearing and adopted the 2017 Budget. Enclosed is a copy of Commissioner Wolk's report. (Appendix II)
- □ EJIF Report: The EJIF met on October 19, 2016 at the Forsgate Country Club and held a public hearing and adopted the 2017 Budget. Enclosed is a copy of Commissioner Wolk's report. (Appendix II). The EJIF also met on November 16th at the League.
- □ MEL Report: The MEL met on October 19, 2016 at the Forsgate Country Club to introduce the 2017 Budget. Enclosed is a copy of Commissioner Wolk's report. (Appendix II). The MEL also met on November 16th and adopted the 2017 Budget.

- □ MEL, RCF & EJIF Representative The fund should elect its representative to the MEL, RCF & EJIF for the 2017 Fund Year.
 - □ Motion to elect ______ as the Camden County Municipal Joint Insurance Fund's 2017 representative to the Municipal Excess Liability Joint Insurance Fund.
 - □ Motion to elect ______ as the Camden County Municipal Joint Insurance Fund's 2017 representative to the Residual Claims Fund Joint Insurance Fund.
 - □ Motion to elect ______ as the Camden County Municipal Joint Insurance Fund's 2017 representative to the Environmental Joint Insurance Fund.
- □ Elected Officials Training: This year's elected officials training program will focus on Public Officials & Employment Practices, specifically personal liability of the elected officials. Sessions will be scheduled after the New Year through the office of Mr. Nardi. The on-line version will also be available.

This program will satisfy requirements that elected officials take employment practices training and ethics training & qualifies for the MEL's \$250 credit for each elected official and municipal administrator/manager.

- □ League Magazine Enclosed are articles on cyber security that appeared in the October edition of the NJ League magazine written by Joseph Hrubash of Perma and by Marc Pfeiffer of the Bloustein Local Government Research Center at Rutgers. (Pages 13-17)
- □ December Meeting For the past several years, the JIF has voted to cancel the December meeting and to process any necessary claim payments and professional fees for the month. Should the Commissioners wish to follow past procedures, **Resolution 16-25** authorizing this action is part of the agenda. (Page 18)

□ Motion to Approve Resolution 16-25 Cancelling the December Meeting

PERMA Risk Management Services

Technology

Members Build Tech Strength Collaborating to ensure the

MEL/JIF

cybersecurity of communities

By Joseph Hrubash, Deputy Executive Director, PERMA Risk Management Services

The news is filled with dramatic examples of hacked computer systems, sensitive information stolen and used to steal, defraud, and threaten our security.

The Municipal Excess Liability Joint Insurance Fund (MEL) leadership recognized that technology and emergence of a worldwide ability to access local data systems through the Internet represented a major risk for its members. And MEL was among the first to respond several years ago by providing cyber-insurance-data breach coverage-for its members.

The MEL has identified two major priorities:

1. Ensure the cyber security of its members.

2. Train everyone to manage their technology properly.

The focus has been on providing the analytical tools needed to assess risk, develop sound management practices, and provide the end user training needed to limit risk.

Developing a Strategy

The MEL commissioned Marc Pfeiffer, Assistant Director at the Bloustein Local Government Research Center at Rutgers to develop a comprehensive strategy addressing the cybersecurity and related technological management challenges.

"Data breach coverage was an important first step," Pfeiffer said, "But technology and cyber security are related risks requiring ongoing attention to be understood and carefully managed." A major study and workbook was produced for the MEL describing the risks and providing action plans and best practices for local governments-all available to the public on the MEL website-njmeLorg. The studies identify actions that must be taken now to ensure the integrity of technology systems-and the importance of comprehensive training for employees, who use the system and can inadvertently allow them to be breached.

Take a Look!

The MEL developed a Cyber Security video training program designed for government employees. The 15-minute video is available to the public on the MEL website, njmel.org. These actions have been supplemented by onsite training programs conducted by MEL member Joint insurance funds.

Meeting Challenges

The MEL members also have responded to the challenge. "Cyber security is the new frontier for local government and the biggest liability challenge for us," said Piscataway Mayor Brian Wahler, "We must be proactive to protect the taxpayer. It's a challenge with taxes now paid online and the use of technology so important to all our operations including public safety."

Piscataway is a member of the Central Jersey Joint Insurance Fund (JIF). Joseph Criscuolo, Piscataway's Township Administrator, and Dan Frankel, Sayreville Township Administrator, serve as vice chairs of a team of technology experts recruited from the JIF's members. "Our charge is to develop ongoing training programs for every employee. The Central Jersey Joint Insurance Fund is taking responsibility to develop courses addressing the technology challenges their members face," Criscuolo reported. With support from the MEL, Pfeiffer's

Cybersecurity

assistance was also secured. The team will develop local instructor-led courses intended to be updated every six months. Every employee in Central JIF member towns will be required to take the courses.

"Computer networks are the backbone of our information and communication systems," Criscuolo said, adding: "Threats can come from anywhere in the world and there are bad people out there. We are all hooked together through the power of the network. Our intent is to train and outfit employees with the tools they need to protect our systems."

Working Together, Assessing Risks

In addition to the training programs, an added benefit for the eight Central JIF member towns is the team of trained experts they have organized who are working together to assess risks and address them.

The JIFs serving municipalities in Atlantic, Burlington, Gloucester, Salem, and Cumberland Counties have also taken action. "Because of the complexity

Moving into the future

For 2017, the MEL has contracted with Marc Pfeiffer and the Bloustein Local **Government Research Center** to identify detailed strategies for JIF members to achieve technological proficiency, develop additional educational programs for elected officials and administrators, compile model policy templates, and create an RFP for intrusion testing.

The MEL has also encouraged its member JIFs to continue developing the expertise and training needed to ensure the integrity of their systems. It's the power of collaboration in action: MEL/JIF members working together to ensure the cybersecurity of the communities they serve.

and the lack of available resources, it's tough for the 104 members of our JIFs to assess the full range of deficiencies that may be in their systems," said Paul Miola, Executive Director of the three JIFs. "Led by Paul Forlenza, our deputy executive director, we issued a Request for Proposals (RFQ) and selected Pivot Point Security to evaluate our member systems, identify the risks, and develop a game plan to address them."

The first step in the assessment was a web-based survey, followed by intensive onsite assessments to ensure a thorough analysis, identify the gaps, and classify them as critical, high, or medium in intensity. "Each member will receive a report identifying key issues it faces and recommendations for addressing them," Miola said. "We will also identify

common issues faced by all members." Miola reported that the three JIFs plan to create model policies and procedures and a comprehensive training and education program tailored to their needs-all to be funded by the JIFs.

Training for Success

The Bergen JIF and the South Bergen JIF also sponsored training conducted for their 61 member communities. The session focused on cyber-hygiene practices that can be used to reduce potential for cyber security breaches and guidance on how to improve technology management.

"It was an excellent session," commented Steven Lo Iacano, North Arlington Borough Administrator. "The recommendations made common sense, and we were briefed on the threats that are emerging. The training materials were well done and provide information we really need to address this important issue."

The training has also been conducted with heavy attendance for the 38 towns that are members of the Monmouth County JIF.

risk that must be managed," said Pfeiffer. "The MEL is providing the coverages, training, and tools needed for this purpose."

Tight budgets, the need for managers with strong technology skills, the constantly changing nature of the threats and expansion of the use of the Internet are significant challenges, particularly for smaller communities with limited resources and competing priorities. By working together, these challenges can be addressed and expertise and best practices shared.

The Need for Technological Proficiency

Navigating the increasingly complex world of municipal tech management

> By Marc H. Pfeiffer, Assistant Director, Bloustein Local Government Research Center, Rutgers University

unicipal government leaders face technology conundrums. Every day, technology is becoming more and more infused into municipal activities and citizens expect their government to keep up with it. Levy caps and tax increases limit spending on new technology. The threat of cyber hacking adds

Managing technology is hard. It is hard for large multinational corporations and the federal government. It is hard for individuals with a PC or a smartphone. It is hard for municipalities and state government.

It means leaders must work to understand technology. They need to decide what they want or need, and then manage its implementation and operation. This requires spending the scarce resources of time, attention, and money that are also needed in many other areas.

Risky Business

Elected and appointed government officials must understand that technology involves risks. In addition to cybersecurity threats that constantly evolve, other risks include operational, legal, financial, reputational, and societal liabilities.

These risks are complicated by "make or buy decisions" the choices an agency makes about which services it provides with its own staff and which ones it contracts to other organizations. But, outsourcing service does not outsource risk; contractors present their own risks.

Technologically proficient organizations are assessed and understand their technology risks. Achieving technological proficiency involves several elements: management, cyber hygiene, and technical competency.

28 New Jersey Municipalities October 2016

Seven Steps to Proficiently Managing Technology

- Municipal leaders understand that their use of technology presents risks; risks that need to be managed.
- The organization assesses its technology profile and risk maturity.
- It develops a management governance process that is appropriate to the municipality's structure, technology profile and risk maturity.
- It develops an annually updated technology plan that addresses technology risks and goals; recommends a budget, includes cyber hygiene activities, and actions to meet technical competency needs.
- The technology plan is submitted to the governing body for approval or modification; funding is provided through the annual budget process.
- Managers implement cyber hygiene provisions. They train and test employees to ensure a high level of security.
- The organization achieves technical competency through trained employees and monitored contractors who apply accepted industry management standards; staff members keep up with technological advances and process changes to minimize risks.

Technology management means having decision-making, planning, budgeting, and reporting practices that work for the municipality. Policy and budget decisions are made by the governing body and its management team. Establishing policies, working with staff to create and regularly update plans, and

Technological Proficiency

For More Information...

A report by the Bloustein Local Government Research Center at Rutgers University sponsored by the Municipal Excess Liability Fund shines a light on how government agencies can improve technological proficiency.

The full report, the best practices guides, and a leadership summary for elected officials and senior managers can be found online at www.blousteinlocal.rutgers.edu/managing-technology-risk/.

During the remainder of 2016 and 2017, additional work is planned by the MEL and Bioustein Local to provide additional support to municipalities to help them become technologically proficient.

Author Marc Pfeiffer conducted the study for the New Jersey Municipal Excess Liability Fund (see feature page 30). He is interested in feedback and comments on the work. Reach him at marc.pfeiffer@rutgers.edu.

tying those plans to a budget process are the critical elements.

Cyber bygiene ensures that all technology users are periodically trained in online safety practices to prevent technology compromise (i.e., phishing attacks).

Technical competency requires welltrained staff (and contractors), properly acquired goods and services, and a successfully deployed technology plan.

This also requires sound technical

practices to fulfill the plan. This is especially critical in light of evolving cyber security threats.

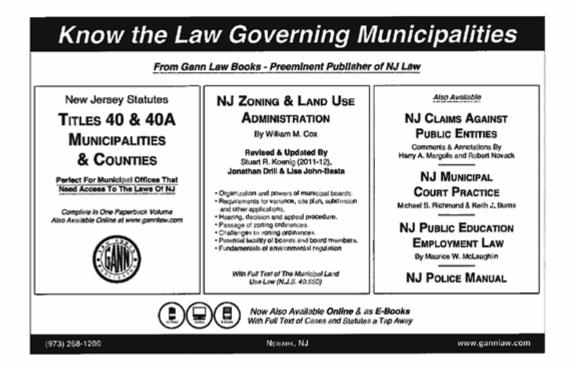

Technology proficiency needs vary by the municipality's technological profile. There are four profiles: basic, core, managed, and sophisticated. Risk maturity can be grouped into five levels: unaware, fragmented, evolving, managed, and optimized.

Taken together, the elements of

proficiency, profile, and risk exposure can help a municipality meet their technology needs.

Elected officials and senior managers can put their municipality on the road to proficiency. Start by creating a management process appropriate to your size and profile. Create a decision-making process, assess risks, and develop a technology plan linked to budget decisions. Implement employee cyber-hygiene training, then find out what's needed to reach technical competency and act to meet those needs.

Technology proficiency will be discussed on a penel at the League's Annual Conference in November. The session is scheduled for Tuesday, Nov. 15 at 2:00 p.m. in Room 314.

Attest:

Dated:_____

I hereby certify the availability of sufficient unencumbered funds in the proper accounts to fully pay the above claims.

Treasurer

To the Members of the Executive Board of the Camden County Municipal Joint Insurance Fund

I have enclosed for your review documents which reflect the financial condition of the fund. The attached documents include details of transactions relating to deposits, claims, transfers, expenditures and Investment Income.

The statements included in this report are prepared on a "cash basis" and relate to financial activity through the period ending October 31, 2016 for Fund Years 2013, 2014, 2015 and 2016. The reports, where required, are presented in a manner prescribed or permitted by the Department of Insurance and the Division of Local Government Services of the Department of Community Affairs.

All statements contained in this report are subject to adjustment by annual audit.

A summary of the contents of these statements is presented below.

• BILL LIST FOR THE MONTH OF NOVEMBER:

Payment vouchers submitted for your consideration at this meeting show on the accompanying bill list.

•	RECEIPT ACTIVITY FOR OCTOBER: Cherry Hill deductible Interest	\$ 13,568.61 5,019.51	
	Total October Receipts		\$ 18,588.12

• CLAIM ACTIVITY FOR OCTOBER:

The enclosed report shows claim activity during the month for claims paid by the fund.

Safety Director Bulletin

One in a series of safety bulletins from your Joint Insurance Fund

October 2016

October is Fire Prevention Month

National Fire Prevention Week is observed during the week (from Sunday to Saturday) in which October 9 falls. In the United States, the first Presidential proclamation of Fire Prevention Week was made in 1925 by President Calvin Coolidge. For 2016, the National Fire Protection Association has declared the theme to be, "*Don't Wait, Check the Date*". Many homeowners do not realize the sensors in a smoke detector have a life expectancy of 10 years, and after 10 years the detector should be replaced.

Here is a short fire safety quiz to test your knowledge of fire prevention, fire protection, and fire safety:

- 1. How often should an ABC fire extinguisher in your home be replaced?
 - a. 6 years
 - b. 10 years
 - c. Never, if not used

10 years

Great Chicago Fire

- 2. Why is Fire Prevention Week always the week of October 9th?
 - a. To commemorate the Great Chicago Fire
 - b. To commemorate the Great Roman Fire
 - c. To commemorate the Triangle Shirtwaist Fire
- 3. True or False? Mrs. O'Leary's cow started the Chicago Fire by kicking over a lantern in a barn?

Probably FALSE. Fire historians believe the fire started near the barn, but not IN the barn. They believe kids sneaking cigarettes behind the barn most likely started the fire.

- 4. Most fire deaths occur where?
 - a. In motor vehicles
 b. In the home

In the home

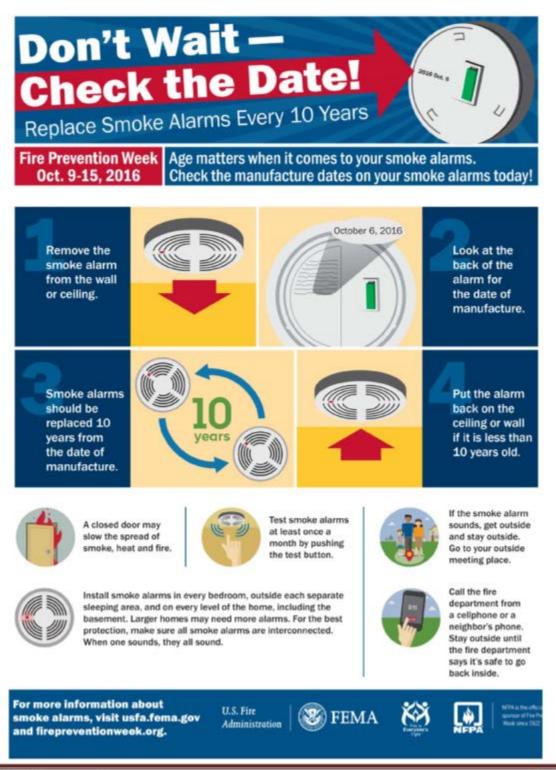

- c. In the workplace
- d. In a place of assembly; restaurant, theater, casino, etc.
- 5. What age group has the greatest chance of dying in a fire in the home?
 - a. Infants
 - b. Pre-teen age children
 - c. Young adults
 - d. Adults
 - e. Senior citizens

By far, the two age groups who are most likely to die in a fire at home are: Infants & Senior citizens

Fire safety is not just in the workplace. Homes – where are children and perhaps elderly parents are – represent a significant fire hazard to what and who we hold dear. Protect them by going home and doing these things tonight:

- Test your smoke detector by pushing the button. Check the date of manufacture. Replace if over 10 years old.
- Check your fire extinguisher's date of manufacture. Replace of over 10 years old.
- Hold a fire drill with your family. Know two ways out. Know to call 9-1-1 from OUTSIDE the house.

SAFETY DIRECTOR'S BULLETIN Leaf Collection Safety

October 2016

Leaf Collection Time . . . An Important Reminder

Municipalities and public agencies collect leaves by a number of different means (leaf vacuums, front end loaders, bagged leaves, etc.) in an effort to improve safety and efficiency of the process. Any leaf collection operation exposes workers to hazards. Please consider the following tips to protect workers:

Department Leaders

- Perform a job hazard assessment on all leaf vacuum procedures and collection equipment.
- · Thoroughly train all new employees prior to allowing them to operate any piece of equipment.
- Provide refresher training at the beginning of each leaf season for <u>experienced workers</u>. If the season is
 extended, provide additional training to reinforce safety procedures at regular intervals.
- · Conduct Job Site Observations. Reinforce desirable behaviors and consistently correct unsafe actions.

Drivers

- Follow manufacturers' recommendations when operating leaf vacuuming equipment. Conduct pre-trip
 inspections of the truck and vacuum unit per manufacturers' recommendations and department policy.
- · Never allow workers to ride on the yoke, or other areas not specifically designated for riders.
- Maintain visual contact of workers on foot when working close to the vehicle and while backing.
- Check both side mirrors frequently when backing.
- Use a reliable spotter positioned to see you and the blind spots behind your vehicle when backing.
- Stop the truck if the spotter must change positions and whenever visual contact is lost.
- Wear your seatbelt. Insist others in the cab wear theirs. Do not use your cell phone or otherwise become distracted. Stay alert of approaching motorists to possibly warn your crew members of danger.

Workers on foot

- Stay in mirrors or otherwise visible to driver. Remain clear of the rear of the vehicle when the backup lights or alarm are on.
- · Be aware of crush zones. They include between moving vehicles and under raised loads.
- · Use standard hand signals when acting as a spotter.
- · Wear the required personal protective equipment. Remind co-workers to wear theirs.
- · Stay alert to approaching motorists. Be prepared to warn co-workers. Have each others' backs.

The MEL offers a variety of educational resources to supplement your employee training program. They can be found by visiting the MEL website, <u>www.njmel.org</u>, and selecting the SAFETY tab.

- Select *Toolbox Talks* for 5-minute lesson plans on personal protective equipment, basic safety
 principles, avoiding crush zones, and hand signals for collecting leaves with vacuums, rear
 compactors, and front-end loaders.
 - o New Toolbox Talks have been added for the leaf collection season.
- Choose Videos to access short Public Access movies on crush zone and back safety awareness. Members can also borrow videos from the MEL Media library. Click on the Catalogue icon to see the wide selection of general and leaf-collection-specific safety videos that are available.

This bulletin is intended for general information purposes only. It should not be construed as legal advice or legal opinion regarding any specific or factual situation. Always follow your organization's policies and procedures as presented by your manager or supervisor. For further information regarding this bulletin, contact your Safety Director at 877.398.3046.

Personal Protective Equipment for leaf vacuum operations must include:

- ANSI 107-2004 (or later) Class 2 or 3 high visibility apparel
- Hearing protection

The following is recommended depending on conditions:

- Work boots
- · Tight-fitting protective eyewear
- Leather or similar work gloves
- Dust mask or N95 respirator. Workers who wear a filtering facepiece respirator on a voluntary basis must acknowledge Appendix D in OSHA's Respiratory Protection Standard.

Visibility of the workers on foot is a critical component for a safe operation. In the picture on the left, the worker is between the leaf vacuum and the truck and out of the driver's sight.

Drivers must maintain the proper distance from the curb to keep the vacuum hose operator as far as possible from the wheels of the truck or trailer.

Vacuum hose operators and workers on foot must be aware not to put themselves in a potential Crush Zone.

Leaf collection is a Mobile Work Zone. Establish traffic control according to the MUTCD. At a minimum, high intensity amber warning lights must be visible to motorists approaching from either direction.

Do not use directional arrows on 2-lane roadways.

Crush Zones are present in many leaf collection operations: Between and in front of moving vehicles Under raised loads and vehicle bodies

2017 BUDGET: The proposed 2017 Budget is enclosed for your review (Page 12). The Executive Committee held a budget workshop meeting on October 12th in Collingswood to review the proposed budget, assessment strategy and available dividend. The Committee is recommending that the budget be introduced, totaling \$12,648,026 which represents a 2.08% average increase over last year.

The Committee also reviewed the available dividend calculation and is recommending the release of \$250,000 from Closed Years. The EJIF is releasing a dividend to the Camden Fund in the amount of \$51,329.00. Enclosed is Resolution 16-22 authorizing the release of a dividend representing a total of \$301,329.00.

Executive Director said on October 12th the Executive Committee held their Budget Workshop meeting in Collingswood to discuss the proposed 2017 Budget. As you can see there is 2.08% average increase in the 2017 Budget. Executive Director said the Property line shows and increase which is solely due to the increase in retention from \$50,000 to \$100,000. The increase was supposed to happen last year but the MEL absorbed the cost in 2016, therefore we see the increase this year. The Aggregate Excess Loss Fund Contingency was implemented last year as you may recall. The MEL implemented a retrospective rating which basically is assessing us at 85% of our losses. The remaining 15% was funded last year at 50% and this year it will be funded at 75% - this reflects the increase of \$71,631 in that line item. The overall Total Loss Funds on Line 14 is at a minimal increase of 2.12%.

Executive Director said most fund professionals are at a 2% increase which is the standard increase. The MEL Safety Institute is showing an increase because online training and classroom led training have both increased, which is a good problem to have. The auditor and internal auditor reflect the actual pricing that was adjusted last year, which reflects a decrease. Executive Director said the average increase JIF wide for POL/EPL is at 5%, the Camden JIF increase is only 3% due to the good year we had last year. At the meeting last week members voted to un-equalize the share of that increase, which is a \$33,000 increase as we did last year. Those members with the higher loss ratio will absorb the majority of the increase which is how the Board voted last week. Executive Director was happy to report on the other loss ratio surcharge that was instituted the Camden JIF only has two members that are being assessed the surcharge, which is a minimal amount of approximately \$5,400.

EMPLOYMENT PRACTICES PROGRAM: As a reminder, members have until October 1st to submit checklist to qualify and or maintain deductible and co-pay incentives. Compliance includes updating Personnel Manuals, Training Managers & Supervisors, Police Command Staff and offering training to non-supervisory personnel. Executive Director said we are only waiting on four more Checklists. We have heard from all four members and we are expecting them in shortly so we can reach 100% participation again this year.

MEMBERSHIP RENEWALS: The Fund has 25 members up for renewal at the end of the year. Renewal documents were sent out last week. Members are asked to return their resolutions and agreements back to the Fund office by October 1, 2016. We have received

renewal documents from 18 of the 25 members. We anticipate these documents to be returned within the next few weeks once the council meetings are held.

RCF REPORT: The Residual Claims Fund met last week at the Forsgate Country Club to hold a public hearing to review the amended 2016 Budget and the proposed 2017 Budget. A copy of the report will be in next month's agenda. Executive Director said the Residual Claims Fund amended 2016 Budget and the proposed 2017 Budget were approved.

EJIF: The EJIF met last week at the Forsgate Country Club. A public hearing and adoption of the 2017 Budget was held. A copy of the report will be included in next month's agenda. Executive Director said the EJIF did adopt their Budget at the October 19th meeting.

MEL: The MEL met last week at the Forsgate Country Club to introduce the 2017 Budget. A copy of the report will be included in next month's agenda. Executive Director said the MEL will hold their Public Hearing at the League of Municipalities in November.

ELECTED OFFICIALS TRAINING: This year's elected officials training program will focus on "Ethics for Governmental Officials". A session is scheduled at the League of Municipalities Conference for 3:45 pm in Atlantic City on Wednesday, November 16, 2016. Executive Director said there is another elected officials training program on Tuesday, at Caesars – Palladium C and members are welcome to attend that session as well.

LEAGUE MAGAZINE: Enclosed on Page 15 is the latest in the series of "Power of Collaboration" to appear in the League magazine. Each of the MEL advertisements highlights activities of the MEL and JIFs as well as people who have rendered significant service. This advertisement highlights ethics in decision makers.

MEL 30th ANNIVERSARY: 2017 marks the 30th anniversary of the Municipal Excess Liability Join Insurance Fund; copies of a brochure announcing this and other achievements is being distributed to members.

Since its inception on January 1, 1987, the MEL has grown to include almost 65% of the municipalities and local authorities in the state. The program has saved taxpayers over \$1.1 billion and has helped members improve their safety records by over 60%. The Camden JIF was established in 1987 and has achieved \$69.2 million in savings through it's own programs and affiliation with the MEL as of 1/1/16.

Senate Bill 2663 and Assembly Bill 4234: Executive Director said the MEL adopted a Resolution to support S2663 (Sweeney) and A4234 (Burzichelli) that would allow certain joint insurance funds to invest in bonds of state and federal agencies and to form a joint cash management plan and investment program. The MEL is asking affiliated local JIFs to adopt Resolutions in support of this legislation as well as contact their legislators. Executive Director said we have distributed a copy of Resolution 16-24 to support the attached legislation.

Commissioner Mayer said a few years back Collingswood explored borrowing money from other public entities and this same type of idea was discussed which would afford better rates for the towns and the towns lending would receive a better rate of return, but it could not be done at the time because there was no legislation in place. Commissioner Maley said this is a great idea and to take it and run with it.

DUE DILIGENCE REPORTS - Included in the agenda were due diligence reports as follows: the Financial Fast Track, Pure Loss Ratio Report, Claims Analysis by Fund Year, Claims Activity Report, Lost Time Frequency Report, Interest Rate Summary Comparison Report, and Regulatory Compliance Report.

Executive Director reviewed the Financial Fast Track as of August 31, 2016 the statutory surplus stands at \$5.5 million. Executive Director reviewed the Expected Loss Ratio Analysis and said for September 2016 the actuary projected the JIF at 36% and we currently stand at 33%. Executive Director said the Lost Time Accident Frequency as of September 31st shows we are tied for first to 1.31 and the lowest percentage for all MEL JIFs statewide. Executive Director said we four new lost time accidents as of September 30, 2016.

Executive Director's Report Made Part of Minutes.

TREASURER: Treasurer Pigliacelli reviewed the reports included in the agenda. Treasurer reported on page 18 of the agenda there is a correction to the Treasures Report. Under the Cash Activity for September the total decrease should be corrected to \$1,060,901.42.

ATTORNEY: Attorney Nardi said there has been trend recently bring class action lawsuits across the country on ADA compliance with websites. A number have been filed against large retail operations and some governmental entities. The Fund Attorney's recommendation is Fund Commissioners bring this back to their municipality because we anticipate sometime in the future we will see these types of lawsuits locally, either individually or on a class action basis, because they do not meet ADA requirements for accessibility to websites for the hearing impaired or vision impaired. There are standards out there and Department of Justice is in the process of putting together guidelines. Attorney Nardi said that any technology personnel should be aware of this and it is important that everyone be aware of this and evaluate what you presently have on your websites and determine how you can accommodate those that are impaired to be able to have the same access to the information anyone else may have.

SAFETY DIRECTOR:

Safety Director reviewed the monthly reports. Mr. Saville said a safety bulletin on Safety in the Office Environment and School Crossing Guard Safety Programs is included in the agenda packet. Safety Director reminded everyone that November is the month to submit your applications for Special Recognition Awards so if you have a department or individual that has gone above and beyond please submit their names for Special Recognition. Later on we will put together a committee to review all of the submissions. Executive Director said the Police Ad Hoc Committee that we had a couple weeks ago had a really good turnout with 25 people in attendance various police chiefs from throughout the County and the Camden County Police were also in attendance.

Monthly Activity Report/Agenda Made Part of Minutes.

UNDERWRITING MANAGER:

Executive Director reviewed the Certificate Report for the period 8/26/16 to 9/25/16 which was included in the agenda showing 15 certificates were issued during that time period.

TO:	Fund Commissioners Camden County Municipal Joint Insurance Fund
FROM:	Commissioner Joseph Wolk
Re:	Topics Discussed at the RCF October Meeting

2016 Budget Amendment: Following the public hearing, the Board of Fund Commissioners reviewed and adopted the amended Fund Year 2016 budget which reflected the transfer of Fund Year 2012 from the local JIFs as of 6/30/16.

2017 Budget: Following the public hearing, the Board of Fund Commissioners reviewed and adopted the 2017 Budget. Under the conditions of the Fund, the 2017 expenses cannot be charged directly to the contingency reserve established in the 2016 amended budget. In September, the Board adopted a resolution declaring some of this contingency as a surplus to offset the 2017 expenses.

Investments: In September, a meeting was held with representatives from the Senate Majority Leader's office to discuss legislative initiatives that would expand the MEL's investment opportunities to improve yield.

Subsequent to that meeting, two proposed legislative bills S-2663 (Sweeney) & A-4234 (Burzichelli) were introduced on October 7, 2016 to their respective review committees. These bills will allow certain joint insurance funds to invest in bonds of municipalities, state and federal agencies and may include the formation of joint cash management and investment programs. The Board of Fund Commissioners adopted a resolution in support of these legislative bills.

Claims Committee: The Claims Review Committee submitted the minutes of its September 7, 2016 meeting and the committee met again before the RCF Board October meeting.

A claims audit is being conducted on randomly selected files spanning the period from 1998-2012. The audit is expected to be completed over the next few weeks; a report of the results will be provided upon conclusion.

Next Meeting: The next meeting of the RCF is the 2017 Reorganization scheduled for <u>Wednesday</u> January 4, 2017 at 10:30AM at the Forsgate CC, Jamesburg, NJ.

Camden County Municipal Joint Insurance FundFROM:Commissioner Joseph WolkSUBJECT:Summary of Topics Discussed at E-JIF Meeting

2017 BUDGET - At the September Executive Committee meeting, the Fund introduced a budget for fund year 2017. In accordance with the regulations, the budget was advertised in the Fund's official newspaper and sent to each member. The Public Hearing for the budget was held at this meeting. For reference, a copy of the budget, as introduced, follows this report.

A motion to adopt a budget for the New Jersey Municipal Environmental Risk Management Fund Joint Insurance Fund as presented for fund year 2017 and to certify annual assessments, based upon the adopted 2017 budget for member Joint Insurance Funds was approved.

EJIF DIVIDEND - The request for approval of the EJIF's \$550,000 dividend was filed with the State on September 23, 2016. We await their approval.

JIF LEGISLATION - The Executive Committee adopted Resolution 24-16 supporting Senate Bill S-2663 and Assembly Bill A-4234 which allows certain joint insurance funds to invest in bonds of State and federal agencies and to form joint cash management and investment programs.

STORAGE TANK POLICY – The Storage Tank Policy has been revised and sent to the excess carrier's coverage counsel for their review. Subsequent to review, the fund professionals will perform their own final analysis.

EXCESS INSURANCE – Negotiations have commenced concerning next year's excess coverage. Additional limits of \$9 Million and \$10 Million (currently \$8 Million) are being explored and quotes will be provided during the November meeting.

NEXT MEETING- The next meeting of the EJIF is scheduled for November 16, 2016 at the Sheraton Hotel, across from the AC convention center at 12 noon.

Date: October 19, 2016

To: Fund Commissioners Camden County Municipal Joint Insurance Fund

From: Commissioner Joseph Wolk

Subject: October MEL Report

2017 Rate Table & Budget – Board of Fund Commissioners introduced a 2017 Rate Table and a 2017 Budget - reflecting an overall increase of .6% when applying the 2016 exposures and limits against the 2016 rate table to provide a comparison. Public Hearing scheduled for Wednesday, November 16, 2016 at 5:00 pm in Room 305 at the Atlantic City Convention Center.

Management Committee: Minutes of the Committee's September 6th and September 28th distributed to the Board. Committee also met just prior to the Fund Commissioner meeting and agreed to schedule interviews with the three firms that responded to the Fund's RFQ for Marketing Consultant. Brown & Brown, Acrisure LLC & Brown and Princeton Strategic Communications responded to RFQ.

Emergency Cleanup and Restoration Services: In 2015, the MEL advertised an RFQ to add qualified vendors for Emergency Cleanup and Restoration Services and have since periodically updated the existing list that is posted to the MEL webpage. Board approved the addition of Harrison Restoration dba Servpro Nutley Bloomfield to the list.

Safety & Education Committee: Committee's minutes of its October 12th submitted for information. Board accepted the Committee's recommendation and approved an expenditure of \$2,400 to begin to use First Net's (Learning Management System) NextGen to add "branding" for each JIF and a "Quick Course" program to be implemented in January of 2016.

Legislative Committee: The committee is scheduled to meet on November 16th during the NJSLOM convention. Committee Chairman said S2663 (Sweeney) and A4234 (Burzichelli) have been introduced in the legislature. Bills would allow certain joint insurance funds to invest in bonds of state and federal agencies and to form a joint cash management plan and investment program.

The Board adopted a Resolution in support of the bills and will also ask local JIFs to adopt similar resolutions. Executive Director asked Commissioners to contact their legislators to express support for the bill.

30th Anniversary: 2017 marks the 30th anniversary of the Municipal Excess Liability Joint Insurance Fund; copies of a brochure announcing this and other achievements is being distributed to members.

RCF Report: The RCF met on September 7, 2016 and introduced the amended 2016 Budget and the 2017 Proposed Budget. The public hearing on the RCF budget will be held on October 19, 2016 at 10:30 AM in the Forsgate Country Club. A copy of Commissioner Cottman's report on the RCF Board's September meeting was distributed for information.

Claims Committee: Minutes of the Claims Review Committee's September were submitted to Fund Commissioners. Committee will meet immediately following the Board meeting.

Underwriting: Underwriting Manager said the 2017 renewal is progressing favorably and has almost concluded.

OPRA – Fund Attorney said he and Brad Stokes of Perma, have been working well together in responding to OPRA requests.
